POLES STILL HOLD WARSAW; RUSSIA IS LOST FIVE TIMES

Hard Fought Battles at the Capital Leave Defenders Still in Possession; Nearby Town, Scene of Desperate Conflict, Falls to the Reds and Back to Poles Several Times, Now Held by Latter.

PARIS, France, Aug. 17.—The French foreign office this evening reported successful counter offensives from Thorn to clear out the Polish corridor and along the southern front.

LONDON, Eng., Aug. 17.—Warsaw is still held by the Poles, so far as dispatches disclosed. The latest soviet communique does not claim the city is captured, while the statement of Monday represented the defenders as making successful resistance.

Reports of the city's fall, announced Sunday by the Bolshevik staff at Vilna, according to a Kovno dispatch to the London Times, are not confirmed and are virtually discredited by the Times, which alone printed them. All special advances—none dated later than Sunday—concern that Warsaw was then held by the Poles, who were reported fighting desperately to fully the means to the city was decreasing.

Russian attacks were being constantly renewed and the activity was being all by dispatches, the struggle being said to be especially fierce around Radzymin, which had changed hands five times and was at last held by the Poles.

French Aid Lends Hope. The influence of French assistance in directing the defense of Warsaw is mentioned, and it is stated that the approach of additional French help may lend a hoped-for morale to the resistance. In some quarters, however, the fall of Warsaw is declared to be a matter of hours. The transfer of government offices to Lublin, Poland, is reported.

Russian army is rapidly progressing through the Polish corridor, and are said to be within 50 miles of Lemberg. Nothing is known of the peace negotiations at Mirsk beyond the statement by Earl Curzon, in the House of Commons yesterday, that it was known that peace conversations were proceeding.

ARCH CLOSE UP COURTS OF THE BRITISH

Volunteers Are Summoned To The Colors To Drill For Active War.

SINN FEIN JUDGES TO HOLD "COURT" As They Find Them.

British Police Close Sinn Fein "Courts" As Fast As They Find Them.

DUBLIN, Ireland, Aug. 17.—Intensification of public sentiment in Ireland against British rule is evidenced by the actions of the recently elected Sinn Fein local councils. Westminster county council has decided that all the courthouses in the county shall be closed and the government officials resident in them evicted.

Irish volunteers have been ordered to see that no judges are allowed to enter the buildings for the purpose of holding any courts not recognized by the Sinn Fein, or Republican parliament. Some councils have passed resolutions to raise contributions for the maintenance of the Republican army.

At Clonsilla, county Mayo, the local council has adopted a resolution appealing to all Irishmen of military age to undergo a course of training in the Sinn Fein army, and will not give any position in the service of the council to men who have not undergone such training.

In other places the local councils have decided to cut off the water supply from police and military barracks. At Enniscorthy, county Wexford, where this was done, the council promptly hit back and the council rooms were taken by police and soldiers.

River Breaks Into Canal On "The Island"; May Cut An Entirely New Course

THE vast quantity of water flowing down the Rio Grande is causing great damage on "the island" at Fabens. The river has broken into the drainage canal and, unless checked, will change the course of the river. A siphon in the drain was washed out by a former flood—it cost \$2000—and is in danger of being destroyed again.

Fifty men were rushed to the island on Sunday morning at 4 o'clock and have been working constantly since in an effort to divert the river, but at noon Tuesday no headway had been made.

Homer Wells, water superintendent, and other reclamation officials are at "the island" and food for the workmen is being conveyed in the trucks of the reclamation service.

RALEIGH, N. C., Aug. 17.—In addition to the resolution providing for ratification of the federal suffrage amendment, which was expected to come up for consideration in the senate, the North Carolina legislature today had before it a resolution to reject the amendment. Pro and anti-suffragists were pitted for a lively tilt in the senate. The galleries were divided between the two factions, suffragists occupying one and their opponents the other.

Prisoner, Smoked Out, Talks Mob Out Of Its Lynching Plan

ST. CATHARINES, Ont., Aug. 17.—Common sense and spirit of fair play last night saved the life of David McNeal, who had been committed for trial during the afternoon at the town hall in Thorold, on a charge of having murdered a 12-year-old Margaret Boucous on July 2.

The mob, which numbered several thousand persons, set fire to the town hall after the prisoner and police officers had been smoked out of the town hall, which the mob had set on fire also. When darkness set in the mob, which had grown to several thousands, began to throw stones and bricks at the town hall.

McNeal spoke for half an hour before a hushed crowd. He swore he had not killed Margaret Boucous. He said he was a victim of a mob and that he was being held in the town hall.

Three conditions are among those laid down by "performance of duties" instead of mere promises. It is put above all others, it was said, and throughout has been promised Mexico under any conditions. The state department is inclined before granting recognition to see how stable a government the new regime is able to establish and to what extent it is willing to perform the international obligations of a civilized state.
